

## 8.1 INDEXABLE KNIVES

### Method of order by indexable knives

The order should specify following parameters :

1. Symbol
2. Length - B [mm]
3. Height - H [mm]
4. Thickness - T [mm]
5. Hardness N, S or U

Exemplary order :

	1	2	3	4	5
Standard indexable knife	PW-01	50	- 12	- 1,5	- (S)

- tools upon request
- tools available from stock

**ATTENTION :**

It should be define a kind of stock to specify correct hardness by indexable knives, e.g :  
laminated chipboard, hardwood, softwood, etc.

Grades and symbols of indexable knives, which are offered by Gopol :

Symbol	Grade	Application chart
S	super hard	laminated chipboard and scaleboard, MDF
N	normal	solid wood
U	universal	laminated chipboard and scaleboard, MDF, solid wood
